Brush Configuration Sweeps East Kootenay, Killing Scores, Leaving 6,000 Homeless and Working Damage \$6,000,000. Michael Reported Wrecked Out—Humber and Whyte Are Engaged.

Winning, Aug. 3.—The most devastating configuration in the history of Canada has been witnessed in the Fernie Valley in East Kootenay.

For 40 miles a tremendous bush fire has burned everything before it. It has held fast and terrible away since 4 o'clock Saturday afternoon.

Estimates are that perhaps 100 people have met death in the flames. The following places have been destroyed: CRANBROOK, with a population of 3,200.

COAL CREEK, with a population of 1,200.

LAKEVIEW, with 50 inhabitants.

HOMER, with 50 inhabitants.

At yet unconfirmed reports, says Cranbrook has fallen prey to the infernal.

And other Kootenay West towns. Fernie is gone, but one dispatch says that Humber and Whyte are still fighting.

The homeless will number over 6,000.

The fatalities are growing hourly. In one case alone five families at Fernie have been killed.

The theory that the Black Hand started the fire in revenge for imprisonment of their members is being followed up by the mounted police. The theory is not generally credited, it is to be sifted to the bottom.

The authorities have poured enormous quantities of supplies into Fernie and surrounding towns. It is largely now a question of organization. American towns along the border have craved the liveliest feeling of cordiality with the towns of Crow's Nest and Pass regions.

One very serious feature of the fire is the cutting off of the principal source of the available supply of coal supply for the Canadian prairie, especially at a time when fuel stocks are low.

Vacation Days...

Off, for the holidays—out for a good time and all the pleasure that's going—Success to you.

Russel Sage used to say that holidays were a mistake. If he had bought a pair of our easy fitting Oxfords and taken a couple of weeks off he would have learned something different.

Our message to you—see that your grip contains an extra pair of shoes, real easy fitting—the kind that Haines sells.

THE CITY OF CROWDS.

Marging Thence, Lila Bette by Night, Lila Ave. Day?

A man stood at the V point of the Platoon building one day at noon.

With a vision of the future in his mind and made little cries on the sidewalk.

Two clerks on the sidewalk and cigarette stores and watched him in two minutes there were three people in his audience.

He continued to make crows. At the end of five minutes there were 1000 people looking at the street car tracks and the pavement.

The police thought he was a nut and cleared the crowd—and the man had been there for 1000 to 1000 seconds.

SPENT \$3,000 SEARCHING FOR HEALTH.

FROM SHOAL LAKE MAN COMES THE FOLLOWING WONDERFUL STORY.
 Mr. Robert Spence says:—"I have spent over \$3,000 in search for health; I have travelled from place to place looking for suitable climate. I came to the conclusion that climate made no difference in curing throat and lung troubles. At the health resorts consumed more money than I could afford to do. I determined to find a home remedy. A friend advised me to see Dr. J. C. Schmitt. The first few bottles gave great relief and seemed to ease the pain in the lungs. With each month the cough and night sweats had disappeared, and I had greatly improved my strength. I used ten bottles, but my case was a serious one, and I did not begrudge the money. After several months my condition was such that I was able to go to work. My lungs are now sound and no signs of disease whatever is apparent."
 How strange is it that we often overlook or despise the remedies near at hand. In Canada we have the greatest and most successful tonic this country has known. This is Dr. J. C. Schmitt's. The proprietors want you to prove their statement by sending for a sample. On our bottle company and mail with your name and address to the Dr. J. C. Schmitt, Limited, Toronto. We will gladly send you a T. A. BOTTLE FREE. All druggists and stores sell at 50c and \$1.00.

For Hon. Mr. Drouin, the present Minister of Marine and Fisheries, has so bungled affairs in his department that a friendly Civil Service Commission has been appointed to investigate his management as a cabinet member for Ontario, and to see to it that one of the officials under such stated that, through the policy of purchasing supplies through middle men, the country has lost \$100,000 in a few years.

The Hon. Mr. Drouin, who was elected a seat in the Senate under circumstances not entirely new to the public, is now being called upon to resign his office. The Hon. Our Mayor recently refused to sign a petition to the Government asking for water power, which would develop electrical power, on the ground that it might be conflicting with the rights of an electrician, who was the owner of the townships first.

DO YOU PAINT?
 If you do you want good paint and we have it. If you do not you want some person to paint who can paint. We have the men as well as the materials. Competent workmen who work after your system, which has been perfected by study and experience.

Do not let us recommend Ready Prepared Paints any more than we would recommend a blacksmith for your industry. Strong comparisons, but made too strong. Ready Prepared Paints on the market to-day are a mixture of oil, turpentine, fish oil, and what else it is difficult to say. No wonder your painting has not lasted if you have used Ready Prepared Paint. We mix every gallon of Paint we use for oil.

TIMELY TOPICS.

Thirty thousand sailors in the United States threaten to go on strike. Their only hope is a welcome demand for strikes. While it was going on the road of the people would have a good excuse for wanting their old suits and saving money.

Sailors on the West coast are reported to have expressed their discontent at the way they were treated during the Quebec Treaty. The entire evidence against them was damaged from the high prices that ruled at the Annapolis Capital during the celebration.

For the six months ending July 31 there came into the United States 12,000 immigrants, while in the same six months of 1907 there were admitted 70,000. In 1908 as immigration and emigration continued, the population of the country has probably decreased since January 1 last. This proves that all immigrants are not what they seem. In a time of prosperity, immigration is desirable. In a time of depression, it is not. The industrial situation is not, however, in a time of depression. Immigration news has to the country to which it is directed.

Found Sunken Timber Worth Thousands.

Lindsay Men Happen on a Lot of White Oak Logs Lost Many Years Ago.

August 21. — Some thirty forty years ago great quantities of oak and elm timber were cut and squandered in this district and floated to Quebec for export. It was for many a reason, such as low price, or a dispute as to price with the prospective buyers, or the fact that the logs were lost or for several years, resulting in loss by the lumbermen.

For a number of years past there has been a tradition among old-timers that some of the logs were still in the water near the lumbermen's wharf. SHOOTING ACCIDENT AT POINT ANN ON SUNDAY—INJURED MAN A SERVANT, WHOSE RECOVERY IS NOT PROBABLE.

Two Servants Were Shooting at a
Mark With a Revolver—Car-
tridge Hung Fire and Then
Exploded While, Being Exam-
ined—Victim in Hospital, His
Companion in the County Jail.

As the result of a shooting ac-
cident (or what, so far, looks like an
accident) two young servants with
unimpeachable names are in trou-
ble. One is in the hospital, with a
revolver bullet through his leg, and
the other in the county jail here, to
await the outcome of the other's
case.

Many odd stories were told in
the city yesterday, and if one be-
lieved all he heard it was a wonder
half the foreigners in Point Ann
were not being prepared for trials.
As a matter of fact, the thing seem-
ed to have been purely accidental,
though the story of the injured man
had not, at this writing, been ob-
tained. At present he lies still un-
conscious, should be recovered suffi-
ciently to make a deposition there will
be no further of the affair, but this
is the story of the man now in the
county jail.

Two young Slovaks, Wasz Miska
and Peter Miska, employees of the
Lathrop Company, were out in
the street yesterday morning, on the
way near the water. They had with
them a revolver, which they had
purchased in this city the day be-
fore.

The young fellows had been firing
at a mark with the revolver. Four
shots were fired, and the fifth bang
fired Miska's revolver that he had
the revolver on his knee, trying to

turn the cylinder, when it suddenly
went off. The bullet passed right
through the body of his companion,
who fell apparently lifeless to the
bottom of the boat.
Miska rose ashore with all
speed, and the injured man was tak-
en to the hospital, where it was
found that the bullet had passed
through his chest, entering there in
a terrible manner. Yesterday af-
ternoon three doctors performed an
operation to remove the bullet, and
found it necessary to remove a
section of the lower right lung.
It is not believed that the
young fellow, who is only 19 years
old, has even the slightest chance
for recovery. Miska, the other
Slovak, is now in the city jail, and
is charged with the murder of his
companion.

**VICTIM CORROBORATES STORY
OF SHOOTING.**

Since the story was written we
learn that the injured man has re-
covered consciousness and entirely
corroborated the story of his com-
panion in the jail.

There is a medical man who at-
tended the case, who is sure of the
possibility of the victim's recovery,
though he may linger for some time
before death puts an end to his suf-
ferings.

Thinks Justice Was Strained in This Deer Killing Case.

Tuesday, August 26.—If the story
told by a man from Chabaglio is true
the man seems to be remarkably short
in the game protection business
around Berdine. The man, who is
said to be a deer hunter, says that
one day he was out with his shot
gun and one jug to look to the
deer. He says that a deer came
into his yard with its jaw shut off
and one jug to look to the deer.

DRUNK.
John Connors admitted that he had
to get too much with joy water on
Saturday night, and the Magistrate
asked him to dig down for a \$5
fine.

FALL FAIRS.
James Turner was charged with
being drunk. The accused was be-
fore the Magistrate last week for
drunkenness and begging. The Mag-
istrate this morning was not incli-
ned to be lenient and imposed a fine
of \$5 or in default two months
jail. James' face was a picture when
he heard the sentence. His shirt
was wet with sweat.

ALLEGED FRAUD.
James Craydon was charged with
obtaining it from a Englishman
under false pretenses by claiming he
could get him a good position.

GRANDFATHER'S EYES CURED.

about it. I tried Chamberlain's Salve,
bought one box and used about
two-thirds of it and my eyes have
not given me any trouble.

WHAT IS BEST FOR INDIGESTION?
Mr. A. Johnson, of Druggists, On-
tario, has been troubled for years
with indigestion, and recommends
Chamberlain's Stomach and Liver
Tablets as "the best medicine I ever

or constipation give them a trial. They
are certain to prove beneficial. They
